The information contained in this Site Level Energy Label is supplied to Birkbeck, University of London for communication of the performance of this site only. It shows electricity consumption for this site during the period defined above. The electricity consumption for this site is also included on the Birkbeck, University of London Customer Level Energy Label to ensure complete company supply emissions are provided. Numbers in the table are subject to rounding.

Our renewable electricity tariffs, including Renewable Standard, are certified by the Carbon Trust to be compliant with the Greenhouse Gas Protocol Scope 2 Guidance so Birkbeck, University of London can report zero carbon emissions for purchased electricity when reporting using the market-based method. The emissions provided in this label are in CO₂, not CO₂e. The Greenhouse Gas Protocol Scope 2 Guidance states that emission factor sets may provide CO₂ emission rates, which would not include emission rates for CH₄ and N₂O.

The Carbon Trust Certification is reviewed annually to ensure ongoing compliance. Please refer to the SmartestEnergy website for full details of the current certification period.
