

## Sustainable Commuting

LSHTM encourages all staff to choose environment-friendly means of commuting.

Staff members are entitled to apply for the [Cycle to Work Scheme](#) - a UK government initiative providing a tax free benefit on the cost of a new bike and equipment.

We review our options regularly and are happy to implement innovations that would help staff and students to choose a greener commute. Currently, we are working on new schemes, the information will be available on this page once approved.

Below you can find tips and advice on cycling and walking routes.

- [TFL Guide](#) on how to find the best cycling route in London
- Need some training before hitting the road?
- Get [cycling skills](#) from TFL Walking instead of cycling? Find the quickest route with the [quick walking route finder](#)
- Find a [cleaner route](#) for your morning walk.
