

Origin of Electricity Supply

This Energy Label demonstrates that

SCHOOL OF ORIENTAL & AFRICAN STUDIES

purchased certified 100% renewable electricity from
SmartestEnergy for 17 sites for the period:

01 Apr 2017 to 31 Mar 2018

Electricity Category	gCO ₂ /kWh	MWh Supplied	CO ₂ Emissions	Electricity Source
A+	0	522	0	Renewable Standard A+
A	0-20			
B	21-100			
C	101-250			
D	251-450			
E	451-600			
F	601-800			
G	801+			

Total electricity supplied: 522MWh | Total scope 2 emissions: 0kgCO₂ | Total radioactive waste: 0kg

Standard Renewable Fuel Mix

Scope 2 emissions: 0kgCO₂ | Radioactive waste: 0kg

This label has been provided to School of Oriental & African Studies to evidence their procurement of our Renewable Standard electricity product. For completeness, it also includes any conventional electricity supply from SmartestEnergy. Numbers in the table are subject to rounding.

This label refers only to the sites of School of Oriental & African Studies that were supplied by SmartestEnergy in the reporting period above and is non-transferable. Please refer to your billed account for a full list of sites covered.

Our renewable electricity tariffs, including Renewable Standard, are certified by the Carbon Trust to be compliant with the Greenhouse Gas Protocol Scope 2 Guidance so School of Oriental & African Studies can report zero carbon emissions for purchased electricity when reporting using the market-based method. The emissions provided in this label are in CO₂, not CO₂e. The Greenhouse Gas Protocol Scope 2 Guidance states that emission factor sets may provide CO₂ emission rates, which would not include emission rates for CH₄ and N₂O.

The Carbon Trust Certification is reviewed annually to ensure ongoing compliance. Please refer to the SmartestEnergy website for full details of the current certification period.
